**In replying refer to:**  
Public Notice Number: FP64-SE1-2008  
Issue Date: 5 May 2008  
Expiration Date: 27 May 2008

---

## **NEW YORK AND NEW JERSEY HARBOR DEEPENING ELIZABETH CHANNEL FEDERAL NAVIGATION PROJECT CONTRACT AREA S-E-1**

### **-- AMENDMENT --**

#### **TO WHOM IT MAY CONCERN:**

On 25 April 2008, the New York District issued a Public Notice, pursuant to Section 103 of the Marine Protection, Research, and Sanctuaries Act (MPRSA) of 1972 (commonly referred to as the Ocean Dumping Act, 33 U.S.C. 1413), providing notification and a request for comments relating to the potential placement of HARS suitable material obtained from the sixth construction contract of the New York and New Jersey Harbor Deepening Project; a project authorized by Section 101(a)(2) of the Water Resources Act of 2000, Public Law 106-541. This Amendment serves to explain the status of the Water Quality Certificate.

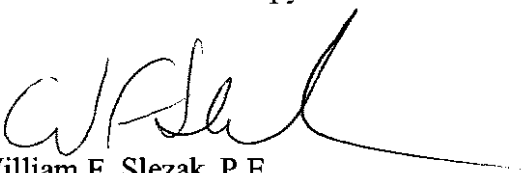

#### **Water Quality Certificate**

In the first paragraph under the section entitled "Contract Area S-E-1" the District stated that it had requested a water quality certificate from the State of New Jersey. This is incorrect. The District is in the process of developing the material for the Water Quality Request and expects to make that request in early June 2008.

#### **Contract Information**

Please contact Mr. Thomas Shea, Project Manager, at telephone number (212) 264-5570 should you have any questions regarding this Amendment or the NY & NJ Harbor Deepening Project in general. Comments or questions may be FAXED to (212) 264-2924.

We request that you communicate the foregoing information concerning the proposed work to any persons known by you to be interested and who did not receive a copy of this notice.

William F. Slezak, P.E.  
Chief, Harbor Programs Branch
